

---

January 2010

We are very pleased to inform our customers that Essex Group, Inc. remains certified to ISO/TS 16949:2002 Second Edition through December 10, 2012.

The ISO/TS 16949:2002 – Second Edition certification of our Headquarters and manufacturing processes requires a very far reaching and demanding audit, and is required for any manufacturer supplying parts to the Automotive Industry.

We remain committed to ISO/TS 16949:2002 compliancy with our plants and our entire EGI organization.

Sincerely,

A handwritten signature in black ink, appearing to read "Baber Inayat".

Baber Inayat  
Vice President,  
Technology & Customer Care
